The clearly structured menus make fast work with intuitive operation possible, while the most important functions and parameters are always in view.

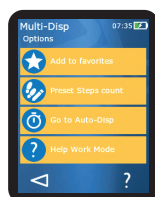

Easy to understand

Main menu with all modes for quick selection

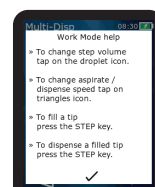

Clearly structured

Working mode with all important information

Organized

All options visible at a glance

Helpful

Internal help right where it is needed

The perfect team

Automatic size detection with PD-Tip™ // from BRAND®

The HandyStep® touch saves time and prevents errors through automatic tip size recognition of the PD-Tip™ // from BRAND®, with patented coding on the pistons. After inserting the tip, the size is automatically recognized and displayed, making it easy to select the volume to be dispensed. When a new PD-Tip™ // of the same size is inserted, all instrument settings are maintained.

Multi dispensing with the HandyStep® touch and PD-Tip™ //

Sequential dispensing with the HandyStep® touch *S* and PD-Tip™ //

Technical data
